

Laminex®

COMPACT *laminata*

- **STRONG** *and self-supporting*
- **VERTICAL** *or HORIZONTAL* application
- **SCRATCH, MOISTURE** *and IMPACT* resistant
- **INNOVATIVE** *design*

LAMINEX® COMPACT laminate is an innovative, strong, self-supporting and moisture resistant decorative panel which can be used in either a vertical or horizontal application. It has a beautiful appearance with a distinctive black core, and

its resistance to scratches, wear, chemicals and impact means it can take extremely rough treatment.

The inherent strength of **COMPACT laminates** make them highly suitable for shelving, benches and tables, because minimal supporting framework is required. The extensive range of 24 colours has

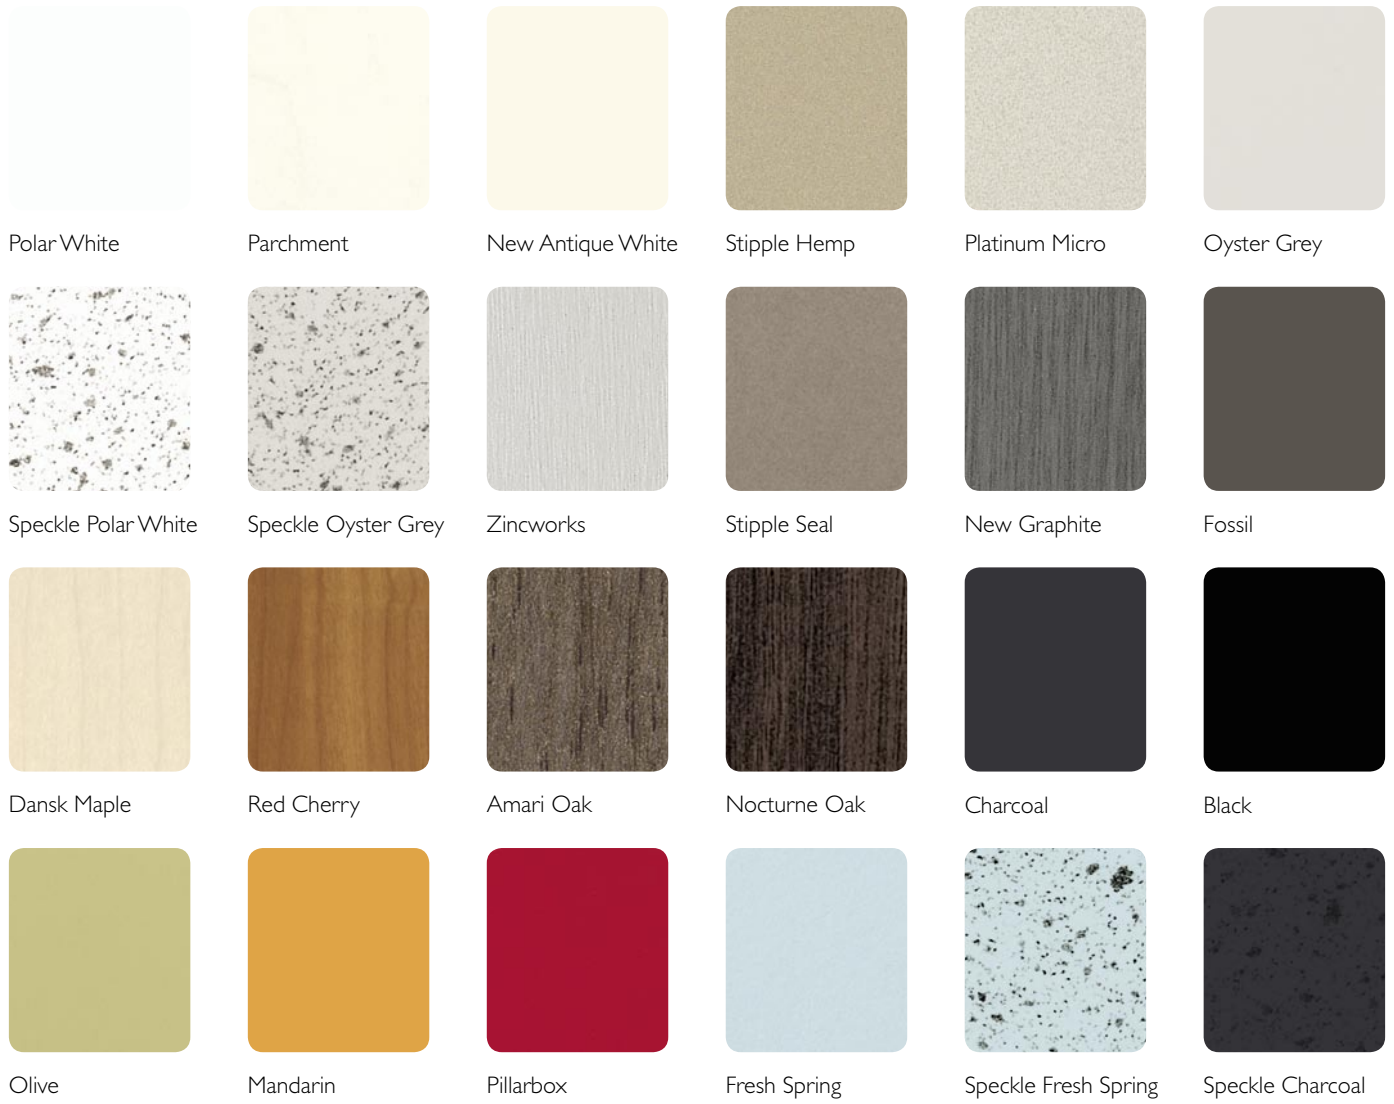

been selected from the **LAMINEX colour palette**, and is supported by a further 6 metallics from the **LAMINEX INNOVATIONS® laminate** range. **COMPACT laminates** are available in 3 ranges

– Multipurpose, Innovations and Laboratory. All are backed by a 10 year limited warranty.

LAMINEX COMPACT laminates range is marketed and distributed by The Laminex Group. A division of Laminex Group Pty Limited ABN 98 004 093 092. The colours of the photographs depicted in the brochure are as close to the **LAMINEX COMPACT laminates** range as photographic lighting and modern printing processes allow. Dark colours require more care and maintenance than light-coloured surfaces. The Laminex Group recommends the use of mild household cleaning products for dark colours, please refer to the Laminex Product Catalogue or visit www.laminex.com.au for specific care and cleaning information. Trespa is a registered trademark of Trespa International.
